

COVID-19 Response

Karuna Foundation Nepal has been able to support some basic medical supplies and equipment to the 69 Municipalities (1 Metro, 2 Sub Metros, 26 Municipalities and 40 Rural Municipalities) in Province no. 1 of Nepal, where the organization is operating its Disability Prevention and Rehabilitation program. The support reached these local governments from Illam, Panchthar, Morang, Sunsari, Dhankuta, Bhojpur and Sankhuwasabha districts.

Likewise, the hospital designated for COVID-19 treatment in Biratnagar received two ICU beds, a ICU monitor and some Personal Protective Equipment (PPE). Besides, we also supported hand sanitizer to Nepal Traffic Police of Kathmandu Valley and BIA Foundation, PPE sets and Infrared thermometers to Health Desk at Dakshinkali Municipality, Nepal Army in Itahari and PPE sets for the campaigners distributing cooked food materials in Kathmandu Valley.
